## GLOBALY IMPORTANT DAYS OF THE MONTH

**Guru Nanak Dev's Birth Anniversary (4)** celebrates the birth of the first Sikh Guru, Guru Nanak.<sup>[2]</sup> This is one of the most sacred festivals in Sikhi. The festivities in the Sikh religion revolve around the anniversaries of the 10 Sikh Gurus. These Gurus were responsible for shaping the beliefs of the Sikhs. Their birthdays, known as *Gurpurab* (or *Gurpurb*), are occasions for celebration and prayer among the Sikhs.

**World Science Day for Peace Development (10)** highlights the important role that science has in society. It also highlights the need to engage the wider public in debates on emerging scientific issues. World Science Day was proclaimed by the United Nations Educational, Scientific and Cultural Organization (UNESCO).

**National Education Day (11)** is an annual observance in India to commemorate the birth anniversary of Maulana Abul Kalam Azad, the first education minister of independent India, who served from 15 August 1947 until 2 February 1958. The Ministry of Human Resource Development has decided to commemorate the birthday of this great son of India by recalling his contribution to the cause of education in India.

**Children's Day (14)** Children's Day is celebrated on the birthday of the first Prime Minister of independent India, who was fondly called *Chacha Nehru* (Uncle Nehru) or *Chachaji* (Uncle), and who emphasized the importance of giving love and affection to children, whom he saw as the bright future of India. To give him tribute, India celebrates this festival on 14 November, the day of his birthday.

**National Law Day Constitution Day (26)**, also known as **Samvidhan Divas**, is

celebrated every year to commemorate the adoption of Constitution of India. On this day in 1949, the Constituent Assembly of India adopted the Constitution of India, and it came into effect on 26 January 1950.

सात पूँछ का चूहा ( अभिनय प्रस्तुति ) ।

भगदड़ (स्वरित वाचन) ।

बंदर और गिलहरी ।

वचन बदलो ( अनुनासिकवाले शब्द ) ।

अपठित गद्यांश ( बहुवैकल्पिक प्रश्न ) ।

पहेलियाँ ( मौखिक ) ।

विराम चिह्न ( , , , ? ) का प्रारंभिक ज्ञान ।

सप्ताह के दिनों

## CAMPUS CLANDESTINE

The month of October was fun filling with theme as "Festivals" and project was "Diwali" through this theme children came to know the fairs and festivals of our country. Children learned about the mythological and traditional importance of Diwali, celebrations during Diwali, importance of family, friends and food during festivals. They learned about the Environment and health hazards due to pollution and solution to pollution. Children were also involved in various activities like, Potter's wheel Activity, Kitchen Garden Activity, Gandhi Activity, Gandhi Jayanti Activity, Map Activity, Global Hand Wash Activity and Reggio Emilia Activity. The cooking activity involved teaching the children about Shrikhand. The children showed great pride in portraying their culinary skills. The major co-curricular activity for the month was 'Festival Fiesta'.

Dear Parents,  
Efforts will never fail, each wavelet on the ocean tossed, aids constantly in the ebb tide or the flow, each raindrop makes some floweret glow and each struggle lessens human woes."

-C. Macay.

We never stop trying and achieving what we aspire for. Life is a continuous learning process leading to the development of new capacities, skills, values, understanding, and preferences. The ambiance of home, neighbour hood and school has a great impact on the mental health and adjustment of the children, we use examples, context cues, vivid illustrations, refer to emotions, and to our personal life also at time to emotions, and to our personal life also at times as personalization is an effective way of building upon memories, building upon earlier knowledge and avoiding interference. Here we understand that language has the role as the creator and facilitator of the mind.

Language is medium of thought, analysis and conceptualization. Vocabulary reflects intensity and sensitivity of life experience, not knowledge of words. Communication is generated by thought. It intends to enlighten, inspire, clarify, inform, provide insights, incise, analyze, theorize and of course, philosophize. Such processes are possible only by the power of the mind, intellect, reasoning, envisioning and wisdom. All our hopes, aspirations dreams rely upon the younger generation of today which is going to be the bright future of India.

Education has a vital role in chiseling and harnessing this potential resource. Right education, proper guidance and bringing - up can make every child of today, a shining star of tomorrow. This is my vision to life and I believe in being honest to myself than before anyone. I want each child to inculcate the same strength and values in oneself. Students of grade IV & V would be gearing up for their II Term Examination slated to be held in this month.

It is said "Happiness is a state of mind" and I truly adhere to this phrase and change the outlook of events no matter how challenging the task or difficult the situation must have been.

With regards  
Principal

**Ingredients:**

- 1 1/2 cups grated paneer (cottage cheese)
- 2 tbsp nylon sago (sabudana)
- 1/4 cup moong dal (split green gram)
- 1/4 scraped coconut
- 3/4 cup sugar
- 2 tbsp ghee
- 2 tbsp almond (badam) slivers
- 2 tbsp pistachio slivers
- 1 tsp cardamom (elaichi) powder
- a few strands of saffron (kesar) strands
- roasted poppy seeds (khus-khus) to roll

**METHOD**

Put the sago in a microwave safe bowl and microwave on high for 11/2 minutes, or till they puff. Lightly roast the green moong dal, cool and blend in a mixer to a coarse powder. Heat the ghee in a pan, add the moong dal powder and roast till colour changes. Cool to room temperature. Cook the coconut and sugar well till sugar is well mixed with coconut. Cool the mixture to room temperature. Combine all the ingredients and mix well. Divide into 10-14 ladoos. Roll the ladoos in roasted khus khus and serve. Can be stored in fridge.

**TONGUE TWISTERS**

1. Which wristwatches are Swiss wristwatches?
2. Fred fed Ted bread, and Ted fed Fred bread

**THEME OF THE MONTH – PARK**

A park is an area of natural, semi-natural or planted space set aside for human enjoyment and recreation or for the protection of wildlife or natural habitats. It may consist of grassy areas, rocks, soil and trees, but may also contain buildings and other artifacts such as monuments, fountains or playground structures. A park is an open place in a city or town for nature. There are often trees, benches, statues, and ponds in a park. Some parks built in big cities are very large. These can have fountains or picnic areas. Public parks are found in cities and towns. A public park is a kind of pleasure-garden where the urban people sit and enjoy. Through this theme “Park” children will learn about different types of parks, things seen in park and purpose of park. They will understand that a public park is a place which provides a taste of green beauty to busy people living in cities and towns. They will also imbibe the value of keeping the park clean.

**PROJECT OF THE MONTH –GARDNER**

Garden is a place where plants, trees and shrubs are cultivated. A **gardener** is someone who practices gardening, either professionally or as a hobby. A gardener is the life and soul of a garden. The work of a gardener is mainly to maintain the garden by keeping it clean and fresh. Through this project “Gardener” children will learn about different types of tools used by the gardener, different shapes, sizes and texture of leaves and flowers. They will also learn the things required for the plants to grow, different types of plants and flowers seen in garden. They will come to know about the role and importance of a gardener in our society.

**PARENT PLUS**

- Help your child organize her school papers and assignments so she feels in control of her work.
- Focus on your child’s strengths, encourage in developing his/her talents.
- Turn everyday events into learning opportunities. Encourage him to explore the world around him, asking questions and making connections.

**RHYME AND FUN**

**Little Brown Seeds**

Little brown seeds so small and round,  
 Are sleeping quietly underground.  
 Down come the raindrops  
 sprinkle, sprinkle, sprinkle.  
 Out comes the rainbow,  
 twinkle, twinkle, twinkle.  
 Little brown seeds way down below,  
 Up through the earth they grow, grow, grow.  
 Little green leaves come one by one.  
 They hold up their heads and look at the sun.
