CLASS: III

ALL RIGHTS RESERVED SEPTEMBER 2018

Dear Parents

"I cannot teach anybody anything, I can only make them think"
- Socrates.

Our school's indisputable interest ensures pupil's emotional growth along with intellectual excellence. This emboldens them to progress their self-esteem, self-awareness, dignity, morale and self-confidence. Imparting ideas, scrutinising situations and expressing them confidently are fundamental skills which are honed in DPS, through motivational and experiential learning.

Unprejudiced, a diverse orientation, individuality, a global outlook, intellects and aptitudes - these are the finest qualities needed today. As we live in 21st century, our school wishes to set an approach to learning that incorporates inquiry, research, analytical thinking and an ethical approach that becomes a lifetime habit. The students are helped to focus on confidence building, while nurturing a strong sense of social and environmental responsibility through academic and co-curricular activities.

Our greatest struggles always form our greatest strength.

As the results of Term Assessments are announced, it's high-time to work on flaws and rectify them. The next attempt is not very far away. So, students should analyse their areas of improvement and work towards it. 'Passion inspires action'. Instinct accelerates you to work on your dreams. One simple thing that we can do immediately is to organize and put hard- work in motion.

Honest evaluations of previous actions and examining what is important in terms of improvement will provide an exciting opportunity to re-evaluate and reframe our schedule to create a new approach in learning. This approach will assure us to gain strength, resilience and passion.

Regards,
Principal

Janmashtami(2), the birthday of Lord Krishna is celebrated with great devotion and enthusiasm in India. The Janmashtami celebration of Mathura and Vrindavan, the places where Sri Krishna had spent his life, are very special. On this day temples and homes are wonderfully decorated and illuminated.

Teachers' Day (5) is celebrated on September 5 in honour of Dr Sarvepallai Radhakrishnan. Teachers' Day is a special day for the appreciation of teachers, and may include celebrations to honour them for their special contributions in a particular field area, or the community in general.

Ganesh Chaturthi (13) is celebrated to commemorate the birth of Lord Ganesha. The preparations are intense for the 10 days and start months in advance. The celebrations were initiated by Chhatrapati Shivaji in the state of Maharashtra.

CAMPUS CLANDESTINE

It always gives me great pleasure as a teacher to talk to the children about their country and to listen to their perspective on the same. During this month the children learnt about the various aspects of their country which makes it so interesting and respected the world over. The Thursday Activities provided additional opportunities to come to terms with the greatness of the largest democratic country in the world. Reggio Emilia activity spiked their curiosity as usual and handwash activity helped them remember the good old habits of health and hygiene. The Kitchen Garden activity requires special mention here as it enabled them to get hands-on experience in getting to know about gardening.

Muharram(21)

Muharram is the first month of the Islamic calendar. Some Muslims fast during daylight hours on the ninth and 10th or 10th and 11th days of the month. They may also attend special prayer meetings in mosques or private homes.

World Heart Day(29), annual observance and celebration intended to increase public awareness of cardiovascular diseases, including their prevention and their global impact.

HINDI

साहित्य: बहादुर बिल्लो | व्याकरण: वचन, संख्यावाची ५१-७५ |

INGREDIENTS

- ✓ 6 cups sliced fresh strawberries
- ✓ 1/2 cup sugar
- ✓ 1 teaspoon vanilla extract
- ✓ 3 cups all-purpose flour
- ✓ 5 tablespoons sugar, divided
- ✓ 3 teaspoons baking powder
- ✓ 1 teaspoon baking soda
- ✓ 1/2 teaspoon salt
- ✓ 3/4 cup cold butter, cubed
- ✓ 1-1/4 cups buttermilk
- ✓ 2 tablespoons heavy whipping cream
- ✓ 1-1/2 cups heavy whipping cream
- ✓ 2 tablespoons sugar
- ✓ 1/2 teaspoon vanilla extract

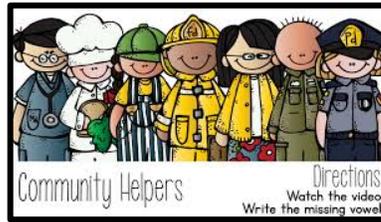

METHOD

Combine strawberries with sugar and vanilla; mash slightly. Let stand at least 30 minutes, tossing occasionally. Preheat oven to 400°. For shortcake, whisk together flour, 4 tablespoons sugar, baking powder, baking soda and salt. Cut in butter until crumbly. Add buttermilk; stir just until combined (do not overmix). Drop batter by 1/3 cup 2 in a part onto an ungreased baking sheet. Brush with 2 tablespoons heavy cream; sprinkle with remaining 1 tablespoon sugar. Bake 18-20 minutes. Remove to wire racks to cool completely. For topping, beat heavy whipping cream until it begins to thicken. Add sugar and vanilla; beat until soft peaks form. To serve, cut biscuits in half; top with strawberries and whipped cream.

TONGUE TWISTERS

A tutor who tooted a flute, tried to tutor two tooters o toot. Said the two to their tutor, 'Is it harder to toot or to tutor two tooters to toot?'

THEME OF THE MONTH –COMMUNITY HELPERS

'Look for the helpers. You will always find people who are helping.' - Fred Rogers

Community Helpers are the people in professions that directly impact the lives of others. They deliver a service that makes our lives easier. During this month, the children of Grade 3 foster positive attitudes toward community helpers during our "occupation" theme. The children will know more about the work done by different people, tools and equipment used by them, kinds of jobs and uniform worn by people while doing different jobs etc.

PROJECT OF THE MONTH – FARMER

'The history of the land is etched in the faces of the farmers who till it.'

India is primarily an agricultural country and around 70% of our population lives in villages and farming is the main occupation of these people. They are the backbone of the nation. During the project week children will be made aware about old farming techniques as well as new techniques. They will also be made aware the problems faced by them during drought and flood, the hard work done by them during farming and the life of the farmers in detail.

PARENT PLUS

- It is essential that the concepts learnt at school are reinforced at home through effective communication.
- As the children will be learning about their community helpers and farmers, you can scaffold them by providing additional information.
- It is essential that the Resource Material is utilised effectively at home. Thorough revision has to be done using the Resource Material.

AMAZING FACTS

- India has the 2nd largest agricultural outputs in the world.
- Our farmers are quite tech savvy and regularly use smartphones and internet to get weather forecasts.
- Organic farming in India based on traditional farming methods and have been handed down the generations.
