GLOBALY IMPORTANT DAYS OF THE MONTH

Guru Nanak Dev's Birth Anniversary (4) celebrates the birth of the first Sikh Guru, Guru Nanak.^[2] This is one of the most sacred festivals in Sikhi. The festivities in the Sikh religion revolve around the anniversaries of the 10 Sikh Gurus. These Gurus were responsible for shaping the beliefs of the Sikhs. Their birthdays, known as *Gurpurab* (or *Gurpurb*), are occasions for celebration and prayer among the Sikhs.

World Science Day for Peace Development (10) highlights the important role that science has in society. It also highlights the need to engage the wider public in debates on emerging scientific issues. World Science Day was proclaimed by the United Nations Educational, Scientific and Cultural Organization (UNESCO).

National Education Day (11) is an annual observance in India to commemorate the birth anniversary of Maulana Abul Kalam Azad, the first education minister of independent India, who served from 15 August 1947 until 2 February 1958. The Ministry of Human Resource Development has decided to commemorate the birthday of this great son of India by recalling his contribution to the cause of education in India.

CAMPUS CLANDESTINE

The month of October was filled with lots of excitement as the children celebrated Diwali with zeal and zest. Whole month the children learnt about different festivals, the stories behind each festival and their importance in our life. They also gained information about different types of sweets and the recipe to make sweets at home. The children tapped their feet on the major co-curricular activity "FESTIVAL FEISTA" and they decorated diya which they carried it to home. Being a festival season the tiny tots of nursery made chocolate canapes as a part of the cooking activity.

Children's Day (14) Children's Day is celebrated on the birthday of the first Prime Minister of independent India, who was fondly called *Chacha Nehru* (Uncle Nehru) or *Chachaji* (Uncle), and who emphasized the importance of giving love and affection to children, whom he saw as the bright future of India. To give him tribute, India celebrates this festival on 14 November, the day of his birthday.

National Law Day Constitution Day (26), also known as **Samvidhan Divas**, is

celebrated every year to commemorate the adoption of Constitution of India. On this day in 1949, the Constituent Assembly of India adopted the Constitution of India, and it came into effect on 26 January 1950.

MATHS

Counting 1-35, Far and near, Written -1-20, Matching 1 - 15, Count and compare, Shapes - Rectangle

HINDI

❖ कहानियाँ एसरल भाषा का प्रयोग लिखित:—स्वर उ, ऊ।

'Dear Parents,
Efforts will never fail, each wavelet on the ocean tossed, aids constantly in the ebb tide or the flow, each raindrop makes some floweret glow and each struggle lessens human woes.'

-C. Macay.

We never stop trying and achieving what we aspire for. Life is a continuous learning process leading to the development of new capacities, skills, values, understanding, and preferences. The ambiance of home, neighbourhood and school has a great impact on the mental health and adjustment of the children, we use examples, context cues, vivid illustrations, refer to emotions, and to our personal life also at times to personalization is an effective way of building upon memories, building upon earlier knowledge and avoiding interference. Here we understand that language has the role as the creator and facilitator of the mind.

Language is medium of thought, analysis and conceptualization. Vocabulary reflects intensity and sensitivity of life experience, not knowledge of words. Communication is generated by thought. It intends to enlighten, inspire, clarify, inform, provide insights, incise, analyze, theorize and of course, philosophize. Such processes are possible only by the power of the mind, intellect, reasoning, envisioning and wisdom. All our hopes, aspirations dreams rely upon the younger generation of today which is going to be the bright future of India.

Education has a vital role in chiseling and harnessing this potential resource. Right education, proper guidance and bringing - up can make every child of today, a shining star of tomorrow. This is my vision to life and I believe in being honest to myself than before anyone. I want each child to inculcate the same strength and values in oneself. Students of grade IV & V would be gearing up for their II Term Examination slated to be held in this month.

It is said "*Happiness is a state of mind*" and I truly adhere to this phrase and change the outlook of events no matter how challenging the task or difficult the situation must have been.

With regards
Principal

Ingredients:

1 1/2 cups grated paneer (cottage cheese)
2 tbsp nylon sago (sabudana)
1/4 cup moong dal (split green gram)
1/4 scraped coconut
3/4 cup sugar
2 tbsp ghee
2 tbsp almond (badam) slivers
2 tbsp pistachio slivers
1 tsp cardamom (elaichi) powder
a few strands of saffron (kesar) strands
roasted poppy seeds (khus-khus) to roll

METHOD

Put the sago in a microwave safe bowl and microwave on high for 1 1/2 minutes, or till they puff. Lightly roast the green moong dal, cool and blend in a mixer to a coarse powder. Heat the ghee in a pan, add the moong dal powder and roast till colour changes. Cool to room temperature. Cook the coconut and sugar well till sugar is well mixed with coconut. Cool the mixture to room temperature. Combine all the ingredients and mix well. Divide into 10-14 ladoos. Roll the ladoos in roasted khus khus and serve. Can be stored in fridge.

TONGUE TWISTERS

THEME OF THE MONTH – PARK

The project of this month is PARTY where the rugrats will learn different types of parties, its importance, songs and dance of different states. The food which the people prepare in different parties.

PROJECT OF THE MONTH – GARDNER

The project "BALLOONS" is corelated with the theme where the children will gain knowledge on different types of balloons and how they are used in decorations. The teacher will demonstrate how to inflate the balloons and how they float in the water. At last the teacher will give message that the balloons are not eco- friendly.

PARENT PLUS

- Take meals with your child whenever possible. Let your child see you enjoying fruits, vegetables, and whole grains at meals and snacks. Your child should eat and drink only a limited amount of food and beverages that contain added sugars, solid fats, or salt.
- Limit screen time for your child to no more than 1 to 2 hours per day of quality programming, at home, school, or child care.
- Provide your child with age-appropriate play equipment, like balls and plastic bats, but let your preschooler choose what to play. This makes moving and being active fun for your child.
